## About Me

Passionate MCA graduate with hands-on experience in Python, Django, Flask, and RESTful APIs, along with practical knowledge of databases and responsive UI design. Adept at developing scalable backend systems and intuitive user interfaces, and seeking an entry-level Python/Django Developer role to grow and contribute to impactful projects.

## Technical Skills

- **Programming:** Python, C, C++, JavaScript
- **Frameworks & Backend:** Django, Flask, FastAPI, REST API
- **Frontend & UI:** HTML5, CSS3, Bootstrap, Responsive Design
- **UI/UX:** Wireframing, Layout Planning, Typography, Color Theory, Usability Basics
- **Databases:** SQLite, MySQL, PostgreSQL
- **Tools:** Git, GitHub, Postman, Figma, Canva

## Projects

### TMV ERP System – Full Stack Developer

#### Description:

Developed a web-based ERP system for college administration to manage students, staff, results, attendance, fees, and notifications. Implemented role-based access for Admin, Staff, and Students. Designed responsive UI with HTML/CSS/JS and built backend using Django and SQLite. Integrated secure login, result uploads, attendance tracking, and fee management with real-time notifications.

- Built ERP system for college administration using Django and SQLite.
- Implemented role-based access (Admin, Staff, Student).
- Modules: Staff, Student, Course, Session, Attendance, Results, Library, Feedback.
- Designed clean and responsive UI screens for ERP modules.
- Worked on dashboards, forms, and layouts focusing on usability.
- Maintained visual consistency across Attendance, Results, and Fees modules

### Task Tracking System – Backend Developer

#### Technologies Used:

 Python, Django, MVC, SQLite, REST API, QTPY Designer.

- Developed task manager with Django and REST API.
- Designed role-based authentication (Super Admin/Admin/Employee) and optimized ORM queries.
- Optimized database queries using Django ORM.
- Secured API endpoints and improved performance by 30%.

### College Website Enhancement – Frontend Developer

- Revamped website UI/UX using Bootstrap for responsive design.
- Improved navigation, readability, and layout structure.
- Added pages for Alumni and Teachers; boosted engagement by 25%.

## Education

MCA – Tilak Maharashtra University, Pune (2025) | CGPA: 7.18

BCA – Vimal Tormal Poddar College, Surat (2022) | CGPA: 7.52

## Certifications

- Python for Beginners – Great Learning (2021)
- Django for Web Development – Coursera (2021)
- C++ OOPs Concept – Great Learning (2022)

## **Soft Skills**

- Problem-Solving
- Creativity
- Attention to Detail
- Team Collaboration
- Debugging
- Analytical Thinking
- Time Management

## **Languages**

- English | Hindi | Marathi | Gujarati.
